

Passion Project Q&A

Name: _____ Class: _____

When people visit my Passion Project display they might ask me questions. I can prepare for these conversations by thinking about the below possible questions.

What is your passion project all about?

Why did you choose to do this as your passion project?

How did you make it?

What did you learn while you made it?

Did you have any challenges that you had to overcome?

What were you successful in learning?

What might you do differently next time?

Did you enjoy this passion project and why/why not?
